WHAT'S INSIDE

ACADEMIC MONITORING

Spots candidates who are falling behind.

GRADE ENGINE

Works out every grade the same way.

TABLET EXAMS

Quizzes and exams on issued tablets.

QUESTION BANK

Reusable questions for every subject.

QUALIFICATION

Every required area, checked in one view.

TRAINING RECORDS

Merits, demerits, attendance and fitness.

GRADE CORRECTIONS

Finalized scores change only with approval.

MEDICAL RECORDS

Certificates and check-up findings, kept private.

SEE WHO NEEDS HELP EARLY

The moment a score is recorded, the system updates each candidate's standing and shows who needs attention first.

The screenshot displays the 'Dashboard' of the Philippine Army Officer Candidate Training Management System. The user is logged in as Teresita P. Vergara, Admin. The dashboard provides an 'Academic Overview' for the First Semester 2026-2027, showing the most serious subject standing for each candidate. A sidebar on the left lists various system modules: Dashboard, Reports, Academic Monitoring, Candidates, Classes, Subjects, Academic Periods, Qualification, Grade Corrections, Military Fitness, and Medical Records. The main content area shows a summary of monitored candidates (20 total) categorized by standing: 8 Failing, 4 At Risk, 1 Incomplete, and 7 Passing. A horizontal bar chart visualizes the distribution of these standings. Below this, a table lists 'Candidates Requiring Attention', with the first entry being student05, Christian Jay Ramos Aquino, Class A, who is failing Subject 1 with a score of 55.80.

Standing	Count	Percentage
Passing	7	35%
At Risk	4	20%
Failing	8	40%
Incomplete	1	5%

The screenshot shows the 'My Classes' page for 'Subject 2' in the 'Officer Candidate Training Management System'. The interface includes a sidebar with navigation options like Dashboard, Question Bank, Examinations, My Classes, Grade Corrections, Reports, Academic Monitoring, Military Fitness, and Merits & Demerits. The main content area displays the 'Grading Components' for 'Subject 2' (Class A - First Semester 2026-2027), which are: Quizzes 20%, Examinations 30%, Practical Exercises 30%, and Other Requirements 20%. Below this, the 'Assessments' table lists three items: Quiz 1 (20 points, 20 of 20 recorded, Finalized), Practical Exercise 1 (100 points, 19 of 20 recorded, Finalized), and Quiz 2 (25 points, 12 of 20 recorded, Draft). The status for each assessment is 'Open'.

01

ONE ENGINE

Every page and report uses the same calculation.

02

YOUR RULES

The school sets the weights, passing grade and warning grade.

03

EVERY CHANGE KEPT

Old score, new score, who, when and why.

NO SCORE CHANGES WITHOUT APPROVAL

Finalized scores are locked. A change needs an incident report and an administrator's approval. Nobody approves their own request.

FILE

The instructor enters the correct score and reports what happened.

REVIEW

An administrator approves it, or rejects it with a reason.

UPDATE

The score changes. The old score stays in the history.

BUILT FOR THE TABLET

Candidates take quizzes and exams on issued tablets. Big buttons, a clear timer, and nothing to distract.

SAVES EVERY ANSWER

As soon as it is chosen.

RIDES OUT WI-FI DROPS

Answers wait on the tablet, then sync.

FAIR CLOCK

Time is kept by the system, not the tablet.

CHECKED INSTANTLY

Multiple choice and true or false. Essays go to the instructor.

LIVE MONITORING

See who is taking it and who is done.

LEAVE-SCREEN ALERTS

Instructors see if a candidate leaves the exam.

MORE THAN GRADES

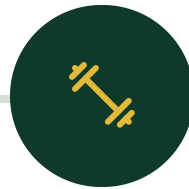

An officer candidate is judged on the whole picture. The system checks every required area and gives one clear answer.
